1.2	SO @ X (no \$)	31.7

FIVE HILLS CHALLENGE - ROUTE SHEET

How to use this route sheet

We suggest you cut out and laminate each section of the route and clip them to a piece of cardboard or mini clipboard zip tied to your handlebar stem. You may devise other ways of attaching them to your bike, but make sure your control of the bike is not impeded in any way.

A key to all the notation is given on the first page and it is recommended you familiarise yourself with this before following the route.

Instructions are given when a turn or navigation of a junction is required, otherwise continue following the road. Intervals, total distances and signs are given as an aid to navigation and may not be completely accurate or agree with any device that you may be using.

Route was correct as of 20th May 2016, but please be aware signposts, priorities or road layout may have changed. Follow the highway code at all times.

0.3	R @ (X) (\$ no through route for large vehicles)	32.0
